

## **C.E.Hill & Co Ltd**

### **Diversity summary April 2019**

Currently our staff are all male. We have employed females in the past. Our recruitment policy will take this imbalance into account. Our team are either Chartered accountants or have university degrees and have UK white, European white or African ethnicity – most sharing the Christian faith. In this changing world and in particular Brexit we embrace the opportunities open to us and recruit accordingly. We are proud to report having employed people from UK, Europe, Africa, Asia and China.
